

LA MARCHE DES ROIS
(The March
of the Kings)

Ce matin, j'ai rencontré le train
This morning I have met the procession

De trois grands Rois allaient en voyage,
of three great Kings went on journey,

Ce matin, j'ai rencontré le train
This morning I have met the procession

De trois grands Rois dessus le grand chemin.
of three great Kings upon the big road.

Tout chargés d'or les suivant d'abord,
All laden with gold them following first,

De grands guerriers et les gardes du trésor,
some great warriors and the guards of the treasure,

Tout chargés d'or les suivant d'abord,
All laden with gold them following first,

De grands guerriers avec leurs boucliers,
some great warriors with their shields,

Les trois grands Rois.
the three great Kings.

This morning I came upon a procession
of three great Kings a-travelling,
This morning I came upon a procession
of three great Kings upon a wide road.

All laden with gold, there followed closely
Great warriors and guardians of the treasure,
All laden with gold, there followed closely
Great warriors bearing shields.

The three great Kings!
